

What we need in this country is a top Flight hero and if one doesn't come along soon I'll have to offer my services.

Learning to say no at the proper time can keep you out of trouble.

If George Washington was really crossing the Delaware why did he stand up in the boat? Was he actually crossing the Potomac in search of that dollar and standing up to get the best possible view?

How would the D. A. R. justify its existence if the Revolutionary War had not been fought?

Was Colfax, Nebraska named for Schuyler?

Practice makes perfect? Not so! I have been spading gardens for more than 35 years and it becomes more difficult to do each year.

Sticking your nose into some one else's business can lead to a deviated septum.

There is no honor among ganefs - or, for that matter, among ganofs.

Under whose administration was the law of supply and demand enacted? who repealed it?

It will be a great day for America when we quit referring to each other as black or white or senior citizens.

If Columbus had waited until 1815 to discover America we would have been spared the French and Indian War, the Revolutionary War and the War of 1812.

Who invented garlic? Was it Listerine?

If the button had never been invented it would cost us millions to sew up all of the button holes.

How did it happen that the International Date Line was not destroyed by the Japanese and American navies during World War II?

Has the Supreme Court ever ruled on the constitutionality of the law of gravity?

If there is an end to space what lies beyond it?

Hearing something good about my grandchildren makes me very happy. That is true now, and it will be true long after I am gone.

Arthur W. Grandpa
